DTS CORPORATION and Consolidated Subsidiaries

Notes to Quarterly Consolidated Financial Statements—Unaudited

1. BASIS OF PRESENTING QUARTERLY CONSOLIDATED FINANCIAL STATEMENTS

The accompanying unaudited quarterly consolidated financial statements of DTS CORPORATION (the “Company”) and its consolidated subsidiaries have been prepared in accordance with the provisions set forth in the Financial Instruments and Exchange Act of Japan and its related accounting regulations, and in conformity with accounting principles generally accepted in Japan (“Japanese GAAP”), which are different in certain respects as to application and disclosure requirements of International Financial Reporting Standards.

Certain financial information that is normally included in annual financial statements prepared in accordance with Japanese GAAP, but is not required for interim reporting purposes, has been condensed or omitted.

In preparing the accompanying unaudited quarterly consolidated financial statements, certain reclassifications and rearrangements have been made to the consolidated financial statements issued domestically in order to present them in a form which is more familiar to readers outside Japan. In addition, certain reclassifications have been made in the prior period’s financial statements to conform to the classifications used in the current period.

The unaudited quarterly consolidated financial statements are stated in Japanese yen, the currency of the country in which the Company is incorporated and operates. The translations of Japanese yen amounts into U.S. dollar amounts are included solely for the convenience of readers outside Japan and have been made at the rate of ¥83.82 to \$1, the approximate rate of exchange at September 30, 2010. Such translations should not be construed as representations that the Japanese yen amounts could be converted into U.S. dollars at that or any other rate.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying unaudited quarterly consolidated financial statements are prepared based on the same accounting policies except otherwise stated below and should be read in conjunction with the consolidated financial statements and related notes included in the Company’s “Consolidated Financial Statements for the Years Ended March 31, 2010 and 2009.”

3. ADOPTION OF NEW ACCOUNTING STANDARD

Effective April 1, 2010, the Company adopted the “Accounting Standard for Asset Retirement Obligations” (ASBJ Statement No. 18, March 31, 2008) and the “Guidance on Accounting Standard for Asset Retirement Obligations” (ASBJ Guidance No. 21, March 31, 2008).

As a result of this adoption, operating income and income before income taxes and minority interests decreased by ¥2 million (\$24 thousand) and by ¥14 million (\$167 thousand), respectively, for the six months ended September 30, 2010.

4. APPLICATION OF SIMPLIFIED ACCOUNTING METHODS

- a. ***Inventories***—As of September 30, 2010, physical inventory counts were not performed and inventories are adjusted for an estimated shrinkage factor based on the results of physical inventory counts performed as of March 31, 2010 and measured at cost if a loss of profitability was not apparent.
- b. ***Property and Equipment***—Depreciation charge for property and equipment depreciated using the declining-balance method represents proportional amount of the annual budget.

5. APPLICATION OF ACCOUNTING METHOD SPECIAL FOR PREPARING QUARTERLY FINANCIAL STATEMENTS

Income Taxes—Income taxes are calculated by multiplying the income before income taxes and minority interests for the six months ended September 30, 2010 by the estimated effective tax rate for the year ending March 31, 2011, after taking into account the effect of possible temporary differences.

6. LOSS ON CONSTRUCTION CONTRACTS

As of September 30 and March 31, 2010, an estimated loss of ¥52 million (\$620 thousand) and ¥53 million, respectively, on construction contracts was included in both inventories and other current liabilities.
