DTS CORPORATION and Consolidated Subsidiaries

Notes to Quarterly Consolidated Financial Statements—Unaudited

1. BASIS OF PRESENTING QUARTERLY CONSOLIDATED FINANCIAL STATEMENTS

The accompanying unaudited quarterly consolidated financial statements of DTS CORPORATION (the “Company”) and its consolidated subsidiaries have been prepared in accordance with the provisions set forth in the Japanese Financial Instruments and Exchange Act and its related accounting regulations, and in conformity with accounting principles generally accepted in Japan (“Japanese GAAP”), which are different in certain respects as to application and disclosure requirements of International Financial Reporting Standards.

Certain financial information and disclosures that are normally included in annual financial statements prepared in accordance with Japanese GAAP, but is not required for quarterly reporting purposes, has been condensed or omitted.

In preparing these unaudited quarterly consolidated financial statements, certain reclassifications and rearrangements have been made to the quarterly consolidated financial statements issued domestically in order to present them in a form which is more familiar to readers outside Japan.

The unaudited quarterly consolidated financial statements are stated in Japanese yen, the currency of the country in which the Company is incorporated and operates. The translations of Japanese yen amounts into U.S. dollar amounts are included solely for the convenience of readers outside Japan and have been made at the rate of ¥76.65 to \$1, the approximate rate of exchange at September 30, 2011. Such translations should not be construed as representations that the Japanese yen amounts could be converted into U.S. dollars at that or any other rate.

Effective April 1, 2011, the Company has adopted the “Accounting Standard for Quarterly Financial Reporting and Related Standard and Implementation Guidance” as amended (ASBJ Statement No. 12, latest amendment on March 25, 2011). Accordingly, disclosures in the accompanying quarterly consolidated financial statements including footnotes are simplified.

2. APPLICATION OF ACCOUNTING METHOD SPECIAL FOR PREPARING QUARTERLY FINANCIAL STATEMENTS

Income taxes—Income taxes are calculated by multiplying the income before income taxes and minority interests for the six months ended September 30, 2011 by the estimated effective tax rate for the year ending March 31, 2012, after taking into account the effect of possible temporary differences.

3. ADDITIONAL INFORMATION

Effective April 1, 2011, the Company has adopted the “Accounting Standard for Accounting Changes and Error Corrections” (ASBJ Statement No. 24, December 4, 2009) and the “Guidance on Accounting Standard for Accounting Changes and Error Corrections” (ASBJ Guidance No. 24, December 4, 2009). Accordingly, any change in accounting policies and presentations after March 31, 2011 and any correction of prior period errors are retrospectively accounted for.
